# BE MAGNETIC.

“Dear [M4](#), your bio-magnetic power recharges my skin like none other. Like when your phone is at 3% juice and you finally plug it in. Ahhhhh. Feels like that, but better. Like if you poured Dead Sea Silt and essential oils on top of it, better. You should consider adding another M to your name: M for MAGIC.”

# SURE, PANDAS ARE CUTE...

But not on your face. 🐼 Your [mascara](#) should  
be smudge-proof, budge-proof, sweat-proof, fret-proof.  
Slick it on, go about your life, then slide it off when you're done.  
Easy-peezy. No pandas.

# SHAKE THINGS UP.

We know, we know. The [shake](#) is tasty right out of the canister. But this is your permission slip to live a little. Our current fave recipe at Seacret HQ is: 2 scoops of vanilla plant protein, 1 banana, 1 date, ½ avocado, 8 oz water and oat milk to get that creamy-dreamy mouth feel just right.

You're welcome.
